

Sunnysoft Backup Manager confirmed as Designed for Windows Mobile

Professional backup application for Windows Mobile Sunnysoft Backup Manager has been approved eligible for Designed for Windows Mobile logo. This is a symbolic step for Sunnysoft development team in order to grant the users further reliability and highest quality of their solutions.

Prague, 4th January 2007– The Designed for Windows Mobile™ logo program officially confirms that Sunnysoft Development team produces top quality applications that not only incorporate key functionality featured in the Windows Mobile platforms but overall comply with a set of criteria that ensure a convenient and predictable user experience.

The Designed for Windows Mobile™ logo program helps end-users easily identify software products that are compatible with Windows Mobile -based PDAs. Users of PDA devices are assured that software products with the Designed for Windows Mobile logo are designed specifically for Pocket PC, and incorporate new functionality featured in Windows Mobile where applicable. It for example shows users that certified product is not generating frequent faults or system crashes and in general is fully functional on Microsoft Windows Mobile.
